### NA!F

Yıllarca bazen bir arada, bazen farklı gruplarda çalmış; hep bir arayış içerisinde olmuş 3 naif adamın bir araya gelmesiyle oluştu.

Şarkılarına yazmadıkları sözleri enstrümanlarından çıkan seslere gizleyen, bu seslerle kendi sınırlarını aşmak isteyen 3 kişiyi görüyoruz parçalarda.

Benzer yollarda yürüyen bu 3 bireyin, yolda giderken kendi dinleyecekleri ezgileri duyuyorsunuz çıkan seslerde. Anılarında biriktirdikleri karakterler ve hikayeler gibi bazen agresif bazen melankolik.

Piyano, davul, elektrik gitar, synth ve elektronik sesleri müziklerinde kullanan NA!F, her dinlenildiğinde farklı bir hikayenin başrolü veya gözlemcisi olmak isteyenlere yönelik bir müzik vadediyor.

NA!F was founded by 3 naive men who have always wished for better music. Regardless they each sometimes played on different bands in the past, they have never been far apart from each other.

With the sound they make, they want to go beyond their limits by hiding non-written lyrics into voices of their instruments and by making tunes they also could listen on their own path. These tunes that is aggressive and melancholic just like their path.

You'll see NA!F members playing around electric guitar, drums, keyboards, synth and electronic sounds. It is the music for who wants to be part of a new story every time.
